

Linework 12V strip

12 V DC, DC plug or bare wire

A 12 V COB strip for installers and longer runs. Choose a DC barrel plug for a plug-in adapter, or bare leads for wiring into a driver.

Power	12 V DC. Power supply not included
Connection	DC barrel plug, or bare red and black leads
Light source	COB LED, 320 LEDs per metre
Colour rendering	CRI 90 or more
Beam	180°
Cutting	Every 5 cm, at the marked points
Mounting	Adhesive back
Use	Indoor only, not waterproof

Whites

3000K Soft warm

4000K Neutral

6000K Cool daylight

Colours

Ice blue

Blue

Red

Green

Pink

Lengths

0.5, 1, 1.5, 2, 2.5, 3, 3.5, 4, 4.5, 5 m. Each pack holds ten strips of the same white and length.

Packs and cartons

- Sold in packs of 10 strips of the same white and length.
- Export cartons hold 100 strips up to 2 m, and 50 strips from 2.5 m.
- Minimum order: one pack per item. Mix any whites and lengths.

Installation

- Plan each run so that cuts fall on the marked points.
- Connect to a 12 V DC power supply rated for the total length of the run.
- Fix to a clean, dry surface so the adhesive holds.

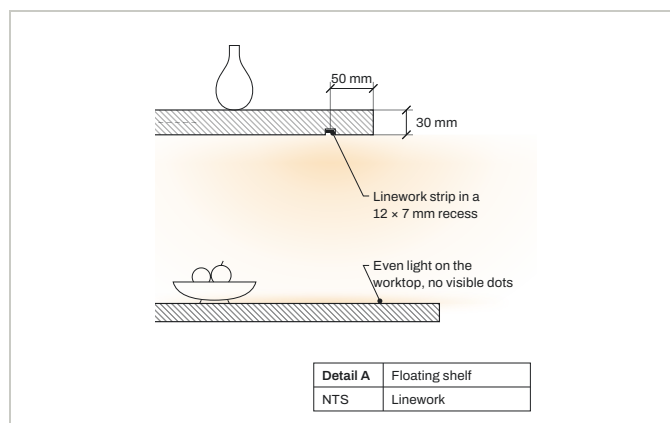

Ordering code

LW-12D-3000-20

12 V with a DC plug, 3000K, 2 m
